PROFESSIONAL EXPERIENCE

NAVY EXCHANGE SERVICE COMMAND HQ

Virginia Beach, VA

Data Entry Clerk/Operations Assistant

January 2026 – Current

Key Results:

- Troubleshoot data discrepancies and system errors across enterprise platforms (ADM, VENDSYS, MEI), identifying root causes and implementing corrections to restore data integrity.
- Maintain and manage records across three enterprise database systems (ADM, VENDSYS, MEI), ensuring system accuracy and supporting end-user data requests.
- Create and maintain Excel-based forms and workflow documents to improve efficiency and standardize HQ operations.

FOOTPRINT LLC

Portsmouth, VA

Technology Support Intern

May 2024 – August 2024

Key Results:

- Provided technical support for hardware and software issues such as password resets, device configuration, basic network connectivity issues, and troubleshooting.
- Assisted customers via phone call, email, and in person to resolve technical issues in a timely manner.
- Installed, configured, troubleshooted and updated hardware and software equipment for end-users.
- Monitored desktop performance and operations to optimize workflows and improve efficiency.

NEWPORT NEWS HOUSING AUTHORITY

Newport News, VA

Network Security Engineering Intern

May 2022 – August 2022

Key Results:

- Assisted senior network engineers with maintaining and troubleshooting enterprise network infrastructure.
- Supported hardware deployments, device setup, and technical troubleshooting tasks.
- Diagnosed and resolved network connectivity issues while maintaining client Service Level Agreements (SLAs).

TECHNICAL PROJECTS

Active Directory Helpdesk Lab - [View Project](#)

- Built a virtualized Windows Server domain environment and configured Active Directory users, security groups, organizational units, Group Policy, DNS, shared-folder permissions, and mapped network drives.
- Simulated Tier 1 help desk scenarios including password resets, account lockouts, employee onboarding/offboarding, DNS resolution failures, and shared-folder access issues.
